

## Army CECOM Worldwide Field Support Virtual Career Fair

April 20, 2023

We are GDIT. The people supporting and securing some of the most complex government, defense and intelligence projects across the country.

U.S. Army Communications-Electronics Command (CECOM) Worldwide Field Support (WFS) is a global team of field service technicians, engineers and integrators that install, maintain and troubleshoot Army software solutions.

Qualified Field Service Technicians **MUST** have experience with at least one of the following systems: **DCGS-A, JADOCs, BCCs, TGS, AFTADS, BFT-A, RHN, SASOM and JBC-P.**

We invite you to join us **LIVE** to learn about career opportunities within GDIT.

**Required:**

- Minimum Active Secret Security Clearance
- Security+ (IAT Level II Certification)

**Locations:**

CONUS/OCONUS locations
