

Start your training while you complete your military service.

Transition into a career as a United Rentals service technician.

If your military service is coming to an end, it's time to start thinking about your next move. As the world's largest equipment provider, we want to train you to become a United Rentals Service Technician. Our 14-week training program will provide you with the skills you need to build a thriving career. We offer best-in-class benefits, continuous development, growth opportunities, and more:

- On-the-job training (OJT), equipment operation, safety training and certifications
- Job rotation to teach you about our industry and growth
- During OJT you will learn to perform equipment inspections, basic maintenance tasks, and demonstrate diagnostic/troubleshooting skills under the supervision of senior-level technicians
- Upon completion, participants may be eligible to receive full-employment and MACTools set
- Relocation assistance may be available to any of our 1,200 locations with open positions

We have training locations near most military bases (CONUS) and are open to supporting individual SkillBridge training opportunities. This is real-world job experience with a DOD trusted employer.
