

Military Alliance Reskilling Initiative

Providing Military Spouses IT Career Opportunities.

Reskilling can provide military spouses a path to higher-paying, remote jobs that promote career mobility and financial independence.

Military Alliance Military Spouse
Reskilling Initiative powered by
Akkodis Academy

- Companies need to build a diverse workforce
- Military spouses are underrepresented in the workforce
- 44% of military families cite spouse employment as their biggest stressor
- Taking a military spouse with customer service experience and reskilling them as an IT helpdesk technician provides flexibility, job portability, and financial stability
