Support of Military Families – 2021

Joint Base San Antonio-Lackland Air Force Base, Texas

Education and Licensure Assessment Narrative

Public Education:

(This assessment is a comparative analysis using colors to graphically display results for all criteria and categories. The colors are assigned using percentiles, divided into thirds, to provide information about a location's relative position compared to all other Department of the Air Force installations assessed)

- JB-SA-Lackland received an overall green rating for public education as it fell within the top 33 percent of all Air Force installations assessed with strong overall academic performance as the driving factor
- The areas with the lowest relative ranking which may require additional state/community support include student to mental health support ratio, student to teacher ratio, and suspension rate
- Change from 2019:** JB-SA-Lackland's overall education rating did not shift from 2019, however suspension rate improved from red to yellow

Licensure Portability:

- The State of Texas received an overall yellow rating for licensure portability indicating the State statutes (primarily V.T.C.A., Occupations Code § 55.0041) contain barriers to licensure and certification portability for military spouses. This assessment was awarded for joining interstate compacts for Nursing, Physical Therapy and Psychology. The State also provides permanent licensure with no supervisory requirements for the Law profession
- Barriers still exist for Accounting, Cosmetology, EMS (REPLICA Compact), Engineering, Psychology (PSYPACT), and Teaching which all include "substantial equivalency" requirements. This allows acceptance of another state's license if the requirements for obtaining the license are sufficiently similar to their own State's requirements and precludes acceptance if the requirements are not similar. Other Occupations also have barriers as current statute does not exclude any other occupations from licensure portability burdens
- If you have additional information or recently made changes to your State's licensure statutes, you can send the updated information to SAF.MRR.Workflow@us.af.mil for consideration and potential changes to the assessment
- Change from 2019:** Despite improving accessibility through user friendly online applications, there were no changes to the State's statute and no change from the 2019 assessment

Additional notes:

- The education assessment cross references zip codes within the Military Housing Area (MHA) with zip codes of schools in the surrounding districts. Those school districts with zip codes that fall within the MHA of an installation are included in the analysis. In some locations, school district composition may have changed slightly due to the use of updated District IDs obtained from the Department of Education
- Graduation rates reflect a 4-year graduation, which was determined to be the expectation of Airmen, Guardians, and their families due to frequency of relocation
- The licensure assessment uses a checklist of licensure rules that states should have, and that they should avoid. For example, having a compact or temporary licensing rule and NOT having supervisory requirements are checklist items that lead to green. The Department of the Air Force reviewed state policies and programs intended to eliminate barriers to license portability for military spouses that were in effect as of 31 May 2021

For additional information on Education and Licensure assessment criteria, methodology and data sources, please see the Support of Military Families Background Information provided at www.af.mil under the Support to Families banner. All questions and feedback should be directed to SAF.MRR.Workflow@us.af.mil.
