Arrival Important Information

Identification

To be able to have access to base, please have an unexpired official photo ID. This could be a driver's license, passport, or DoD ID card.

Vehicle Check

It is common custom for the gate guard to check your vehicle, even though it might be a rental car. This usually consists of rolling down a window in the back seat and checking the trunk. The vehicle search only takes a few moments but please understand it is standard practice and the guards are just doing their jobs.
