## CALTECH COVID POLICY

As of April 22, 2022, Caltech requires the universal use of masks, regardless of vaccination status, in indoor settings on campus. High-quality masks (surgical, N95s, KN95s, or KF95s) must be worn in all indoor locations on campus, including athletic facilities. Exceptions to this rule can be made when an individual is alone in a space or is actively eating or drinking. Additionally, instructors, speakers, and performers may elect to remove their masks indoors when all other individuals in the space are masked. Any updates will be posted to [Coronavirus Information \(caltech.edu\)](https://www.caltech.edu/coronavirus-information).
