# FOR ORGANIZATIONS

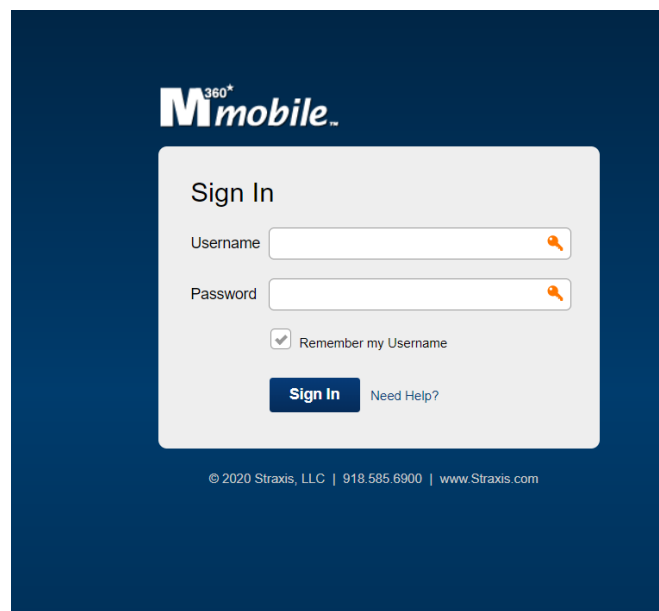

## Air University Mobile App

The AU Mobile app is basically a web-based content management system. The system is administered by the AU Communications & Outreach Directorate's Outreach and Engagement office.

The app is comprised of Features and Super Features. At the upper level the graphics, look and feel as well as some emblems, logos and banner graphics span the entire app and cannot be changed. Since the app is a commercial product the naming conventions for features were all changed to support AU.

Most of the schools and organizations information is managed under one area. Each of the schools and organizations have their own area under the "Schools and Orgs" feature.

Once you are logged in at <https://control.m360mobile.com> you can then manage features.

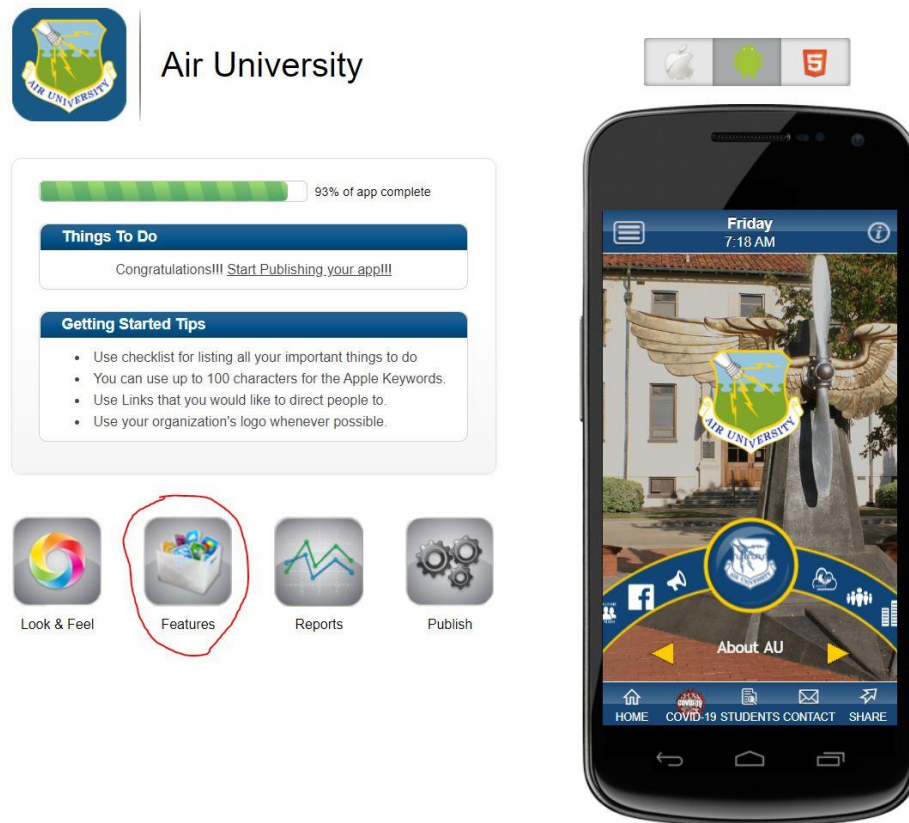

A screenshot of the M360 mobile login page. The page has a dark blue background. At the top center is the logo "M<sup>360</sup> mobile..". Below the logo is a white rectangular box containing the "Sign In" form. The form has two input fields: "Username" and "Password", each with an orange eye icon to its right. Below the password field is a checkbox labeled "Remember my Username". At the bottom of the form is a blue "Sign In" button and a link "Need Help?". At the very bottom of the page, in small white text, is the copyright notice: "© 2020 Straxis, LLC | 918.585.6900 | www.Straxis.com".

After you log in select the schools and orgs feature.

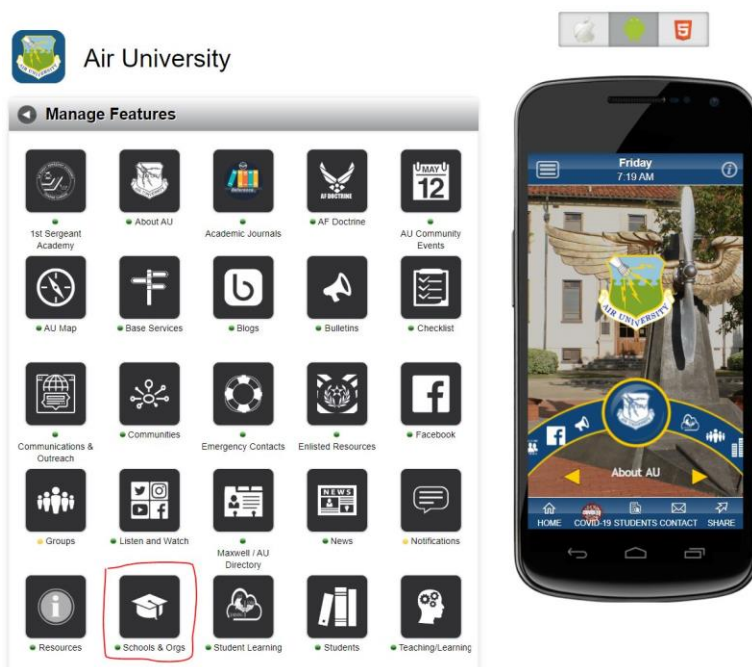

● Schools & Orgs

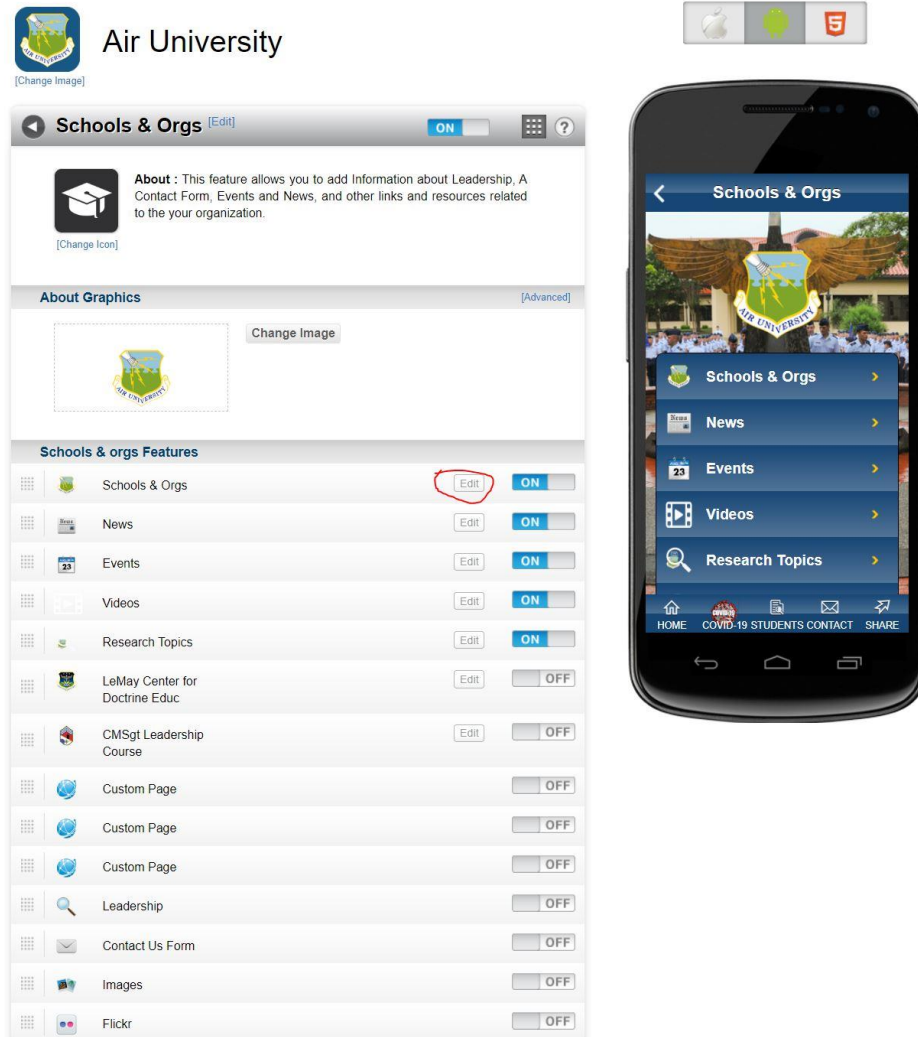

After successfully logging in, you can begin updates by selecting the features button.

Then on to "Schools & Orgs"

Once in the Schools and Orgs areas you can then begin to update edit your particular Schools information. Select the “Edit” button next to Schools and Orgs.

Select the “manage” button for your school from the list to begin editing.

This will take you to the items that belong to your organization. Most content uses a what you see is what you get (WYSIWYG) editor.

#### Item Details

Item Title:

Description:

The Thomas R. Barnes Center for Enlisted Education discharges Air University's responsibility for the education of enlisted leaders throughout the Air Force. Since its inception in 1993 as the College for Enlisted Professional Military Education, the Barnes Center has been refining, adapting and deploying PME curriculum for enlisted education in the Air Force. It now serves as the umbrella organization for all continental U.S. Air Force NCO Academies as well as the Community College of the Air Force, the Air Force Career Development Academy, the Air Force Enlisted Heritage Research Institute, the USAF First Sergeant Academy, the Air Force Senior Noncommissioned Officer Academy and the Chief Master Sergeant Leadership Course.

Uploading your own images.

You must not load images to the app development area unless you have permission to use the image. If you need to use an image that is not owned by the DoD, or Air Force you must get permission. You can then get the link of the images in the files upload

Only use your designated folder for uploading graphics and images. We have set folders with images that are linked throughout the app. If they are altered or deleted it affects the entire app.

To upload an images, go to the File Sharing area under My Account.

The screenshot displays the Air University web application interface. At the top, there is a navigation bar with links: Home, Look & Feel, Features, Reports, Publish, My Account, Logout, and Help. Below this, the Air University logo and name are visible. The main content area is titled 'Shared Documents' and contains a table of folders. A red arrow points from the 'File Sharing' option in the 'My Account' dropdown menu to the 'Barnes Center' folder in the table. Another red arrow points from the 'Barnes Center' folder to the 'About AU' section of the mobile app interface.

Adding files is straight forward by naming the file and choosing the file to upload.

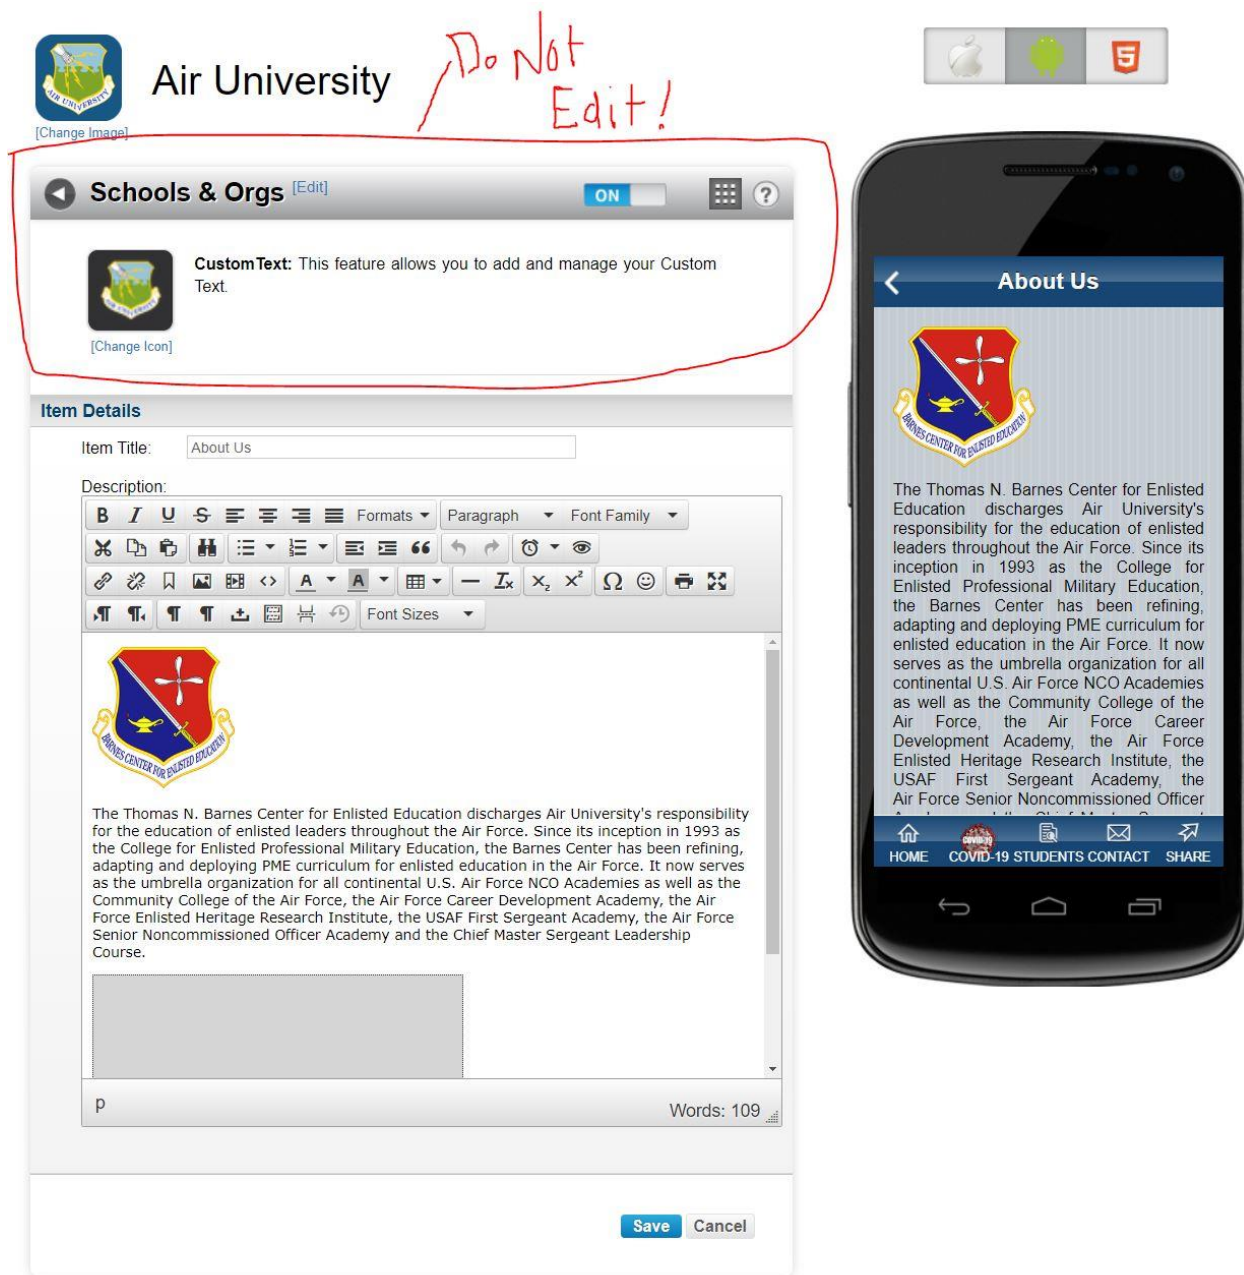

Once uploaded you will see the link to the right. Right click and copy link address.

Source the link for your content like so.

The areas at the top most section of each area consist of elements that span the entire app and affect every organization. These items are maintained by the Communications and Outreach Directorate.
