## COUNSELEE CHECKLIST

MARINE CORPS FINANCIAL READINESS

Taking on a leadership role in the Marines comes with many responsibilities. One of which is to ensure financial readiness to sustain mission readiness. This checklist can help you assist a new or seasoned leader in the Marines so they are prepared to handle the challenges that come with their leadership role.

Military members tend to have increased financial management issues for a number of reasons, including: age, lifestyle and access to credit. Marines tend to move away from home and their support system at a younger age than the general population. Deployments, frequent moves, and difficulties maintaining spouse employment can increase financial challenges. Easy access to credit without a solid understanding of managing credit can also factor into financial problems.

- ☐ Understand that Marines will be required to complete financial readiness training at various career milestones and life events. These events include: Initial Entry Training (boot camp and officer accessions pipelines), upon reporting to First Duty Station, subsequent duty stations (for members in paygrades E-4 or below and O-3 or below), Promotion (for members in paygrades E-5 or below and O-4 or below), Vesting in TSP under BRS, Major Life Event (Marriage, Divorce, First Child, Disabling Sickness or Condition), Leadership Training, Entitlement to Continuation Pay under BRS, Pre- and Post-Deployment, and Transition.

## PLANNING FOR THE FUTURE

- ☐ Understand the benefits of each military retirement system: Legacy “High-3” or Blended Retirement System (BRS) and the rules on Thrift Savings Plan (TSP) matching/vesting. As a leader, you may receive questions on either system.
- ☐ Review the *Military Retirement* Handout accompanying this checklist for more information.
- ☐ Understand the importance of retirement planning throughout your military career. It is never too early to start planning for retirement. The sooner you begin saving, the more time your money has to grow with the power of compound interest. This means you may be able to save less over time to reach your goals. Once you start saving, it shouldn’t be a “set it and forget it” mentality. Revisit savings goals and TSP contributions regularly.
- ☐ Review TSP and withdrawal/rollover options upon reaching retirement age and/or separating from the military.
  1. Leave the TSP in place, but once you separate from service, you no longer make contributions to the account.
  2. Withdraw funds from the TSP. Taxes and penalties may apply, depending on your situation.
  3. Rollover the TSP into an Individual Retirement Account. This typically has no tax implications if the rollover is done into the proper account type (Traditional or Roth).

For more information, visit [www.tsp.gov](http://www.tsp.gov). Speak with a financial counselor at the MCCS for help with your specific situation.
