GCKN's Running Estimate #9 addresses sociocultural aspects of the war in Ukraine, taking a closer look at levels of support for Russia's actions domestically and around the globe. This issue, in particular, examines reactions – in the Global South, China, Turkey, Iran, and in Africa – to Russia's invasion, and discusses the country's influence vis-à-vis the United Nations, the Orthodox Church, and through narrative manipulation. GCKN's sociocultural Running Estimates can be accessed here <https://community.apan.org/wg/gckn/m/running-estimateproducts/429265/download> and <https://pixtoday.net/>
